CALL FOR PAPERS

ICAF 2021 is the 1st International Conference organized by the Software Engineering Research Unit, SLIIT UNI, Sri Lanka. ICAF 2021 solicits research papers describing significant & innovative research contributions to following areas of IT. We invite submissions on a wide range of research topics, spanning both theoretical and systems research.

Submission Details

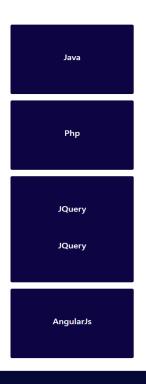

Electronic submission in Word format is required. Papers must be formatted in IEEE two-column; according to the IEEE standard. Papers must be in trouble-free, high-resolution Word format, formatted for A4 paper, using Type 1 or TrueType fonts. IEEE submissions are anonymous for double-blind review. Please be sure to manually remove all author and affiliation information from your submission for review, or replace it with other information, such as paper number and keywords). Submissions may have up to 6 pages. Papers exceeding the specified length and formatting requirements are subject to rejection without review. The last page of final papers may contain text other than references, but all references in the submitted paper should appear in the final version, unless superseded. The final submission must include the following: title; the primary author's full name, affiliation, phone number /URL (if available), and e-mail address; all coauthors' full names and affiliations; text; and any figures, tables, or diagrams. Note that all papers accepted for publication must be original and must not violate the Publication Ethics and Malpractices published by IEEE. The IEEE copyright block is hard-coded into the paper templates to retain proper spacing, and cannot be removed. It is not considered binding until a paper is accepted and a signed copyright form is submitted by the author.

At least one of the authors must pay for a accepted paper.

Registration Deadline:11.06.2021

Please note that Literature Survey/Review papers will not be accepted. All papers submitted will be checked for plagiarism.

Keynote Speakers Page

❖ The speakers of the conference will be listed here, and users can check the details of the speakers.

KEYNOTE SPEAKERS

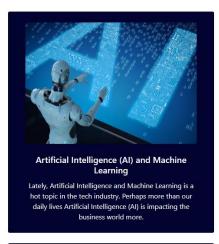

Workshop Page

Workshops of the conference will be listed here and users can view the details of the workshops that are conducted.

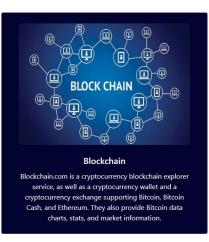

WORK SHOP

Following is the list of workshops, which will be organized as a part of ICAF 2021.

Registration Deadline:11.06.2021

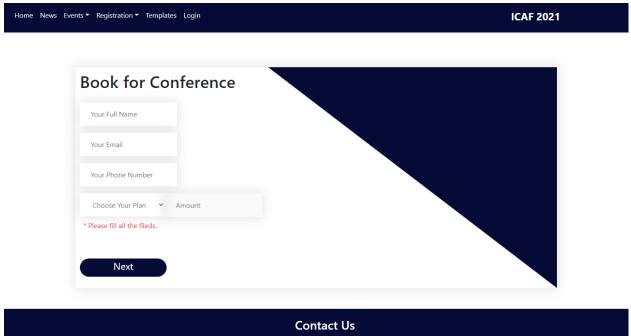

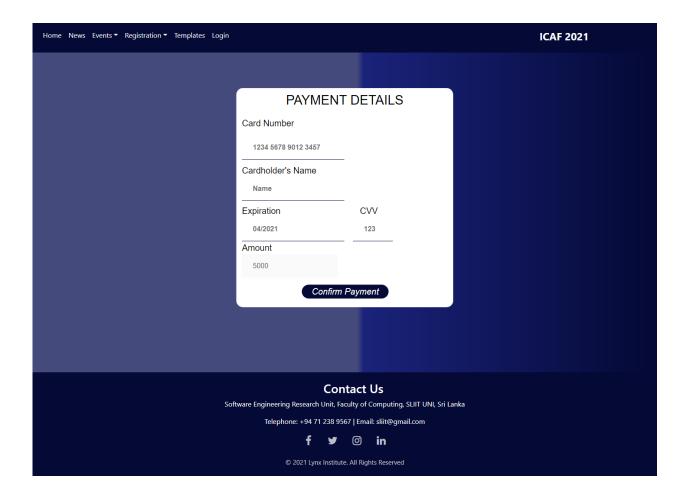

Registration

- ❖ Attendee Registration
 - ➤ If a user wishes to participate/attend the conference he/she needs to register themselves as an Attendee first.

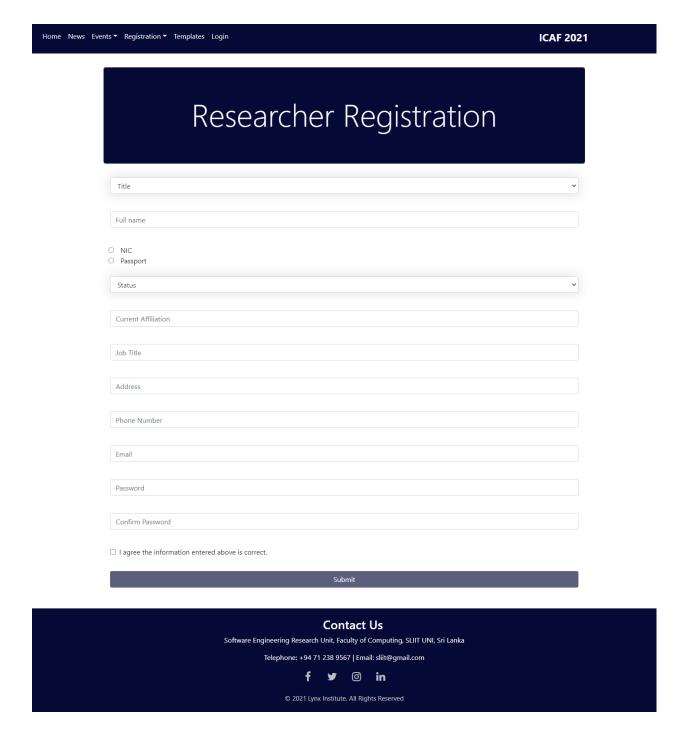

➤ Make the necessary payment according to the plan (basic, standard, premium) of registration. Once the payment is successful the user will be notified via email and will be registered as an Attendee.

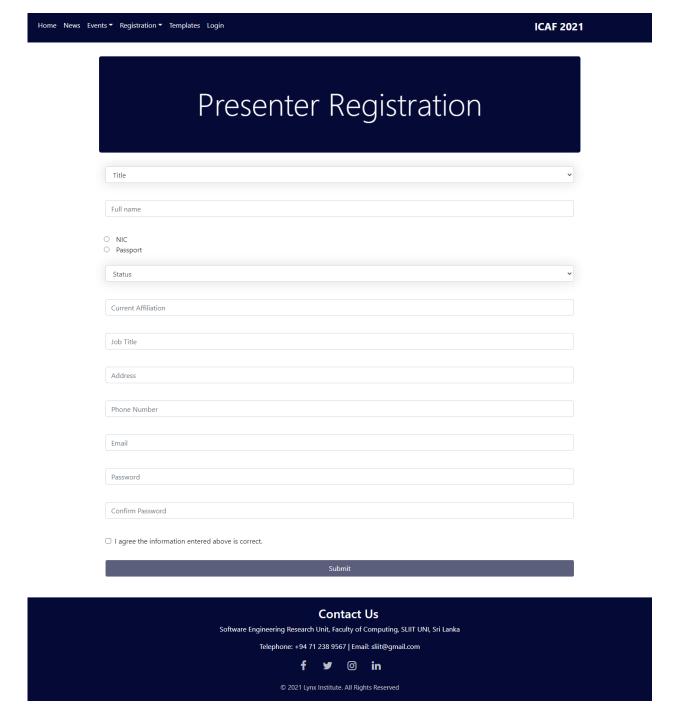

Researcher Registration Page

> This page is where a Researcher should create an account. Once the account is created, the Researcher can upload the research paper and a notification will be received via email and be notified in the dashboard if the reviewer reviews the research paper and approves or denies it.

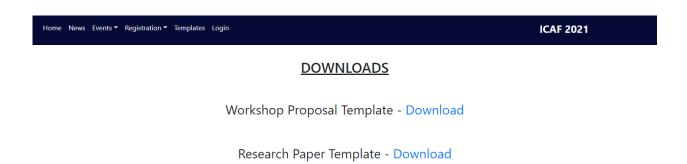

Workshop Presenter Registration Page

This page is where a Workshop Presenter should create an account. Once the account is created, the Workshop Presenter can upload the workshop proposal and a notification will be received via email and also be notified in the dashboard if the reviewer reviews the research paper and approves or denies it.

Template Page

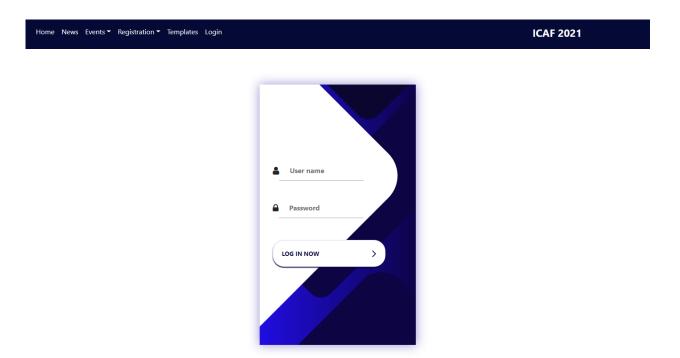

> Displays the templates for the research papers and workshop proposals.

Login Page

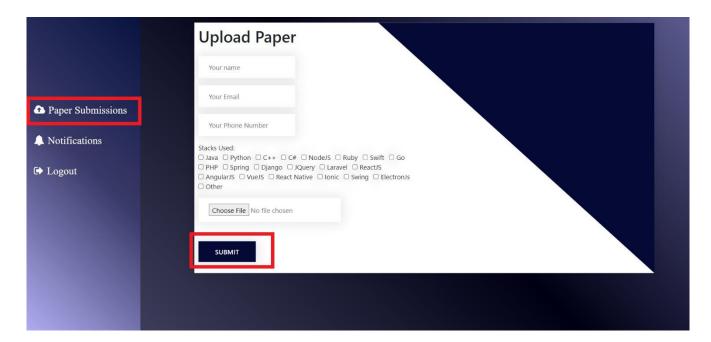

> All the user's login to their respective account using this page.

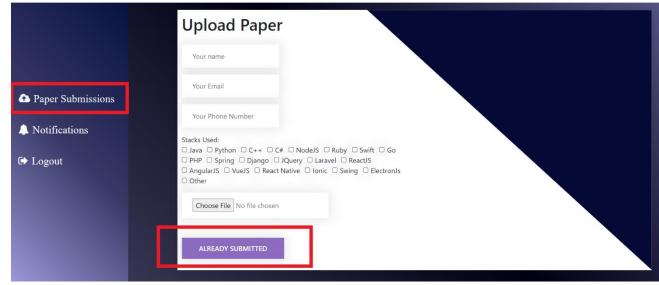

Researcher

- * Researcher signs in with username and password.
- Paper Submission
 - > If the research paper has not been submitted, then the researcher can fill the form and upload the research paper.

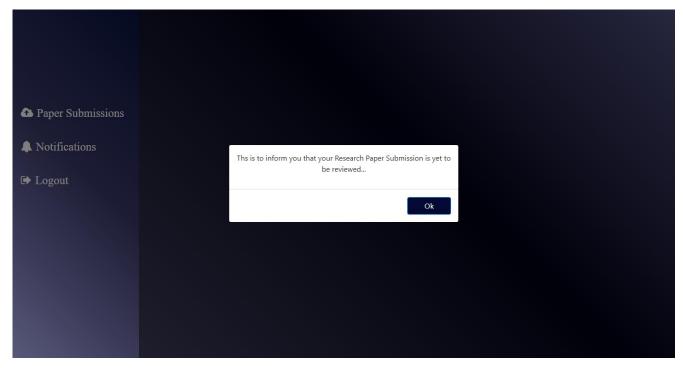

➤ If the form has already been submitted, the researcher will not be able to submit the form again.

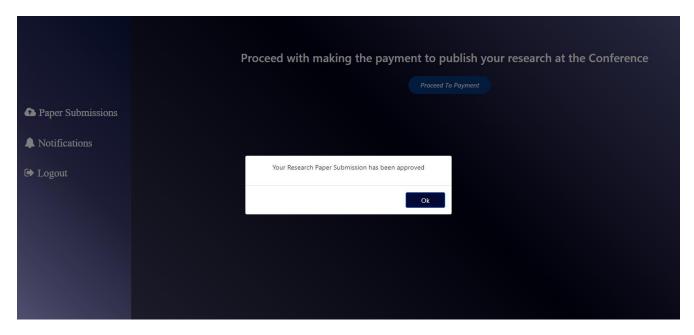

> The research paper which was submitted will be reviewed by the reviewer.

Notifications

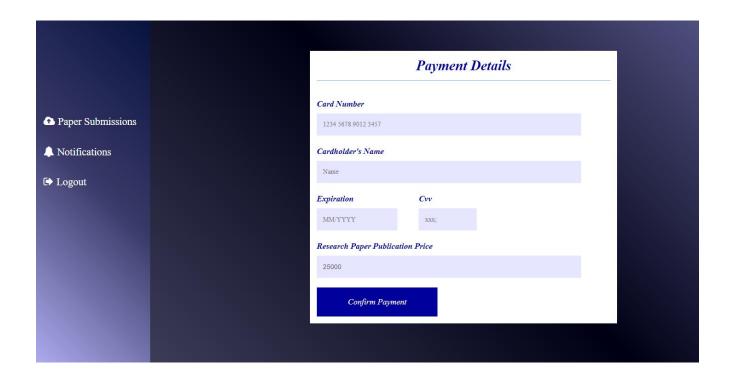

> Reviewer has not reviewed the research paper yet.

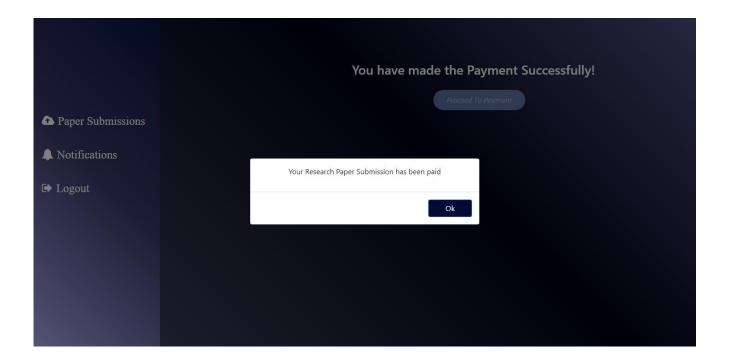

Researcher has reviewed and approved the research paper.
Notification will be received via email and displayed in the page and will allow the researcher to make the necessary payment.

> Payment process is enabled when the research paper is approved.

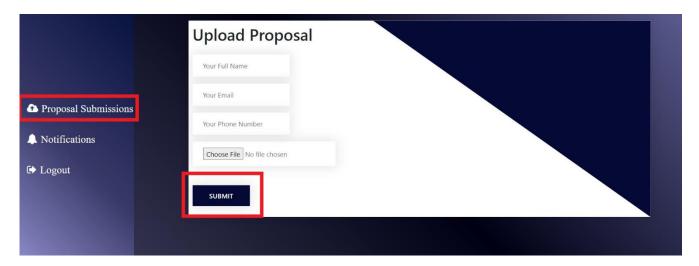

Once the payment is made it will also be notified and displayed in the page.

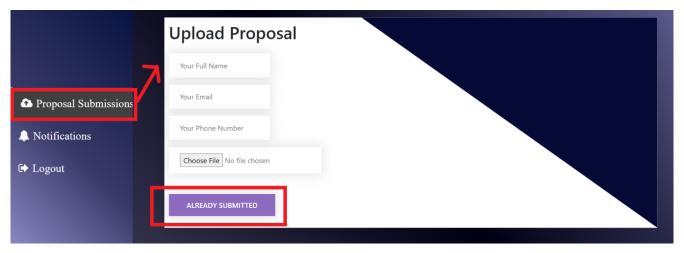

- ➤ If the research paper is rejected by the reviewer, then a notification will be received via email and be displayed in this page.
- * Researcher Signs Out using 'Log Out' option from dashboard.

Workshop Presenter

- ❖ Workshop Presenter signs in with username and password.
- Proposal Submission
 - > If the proposal has not been submitted, then the presenter can fill the form and upload the proposal.

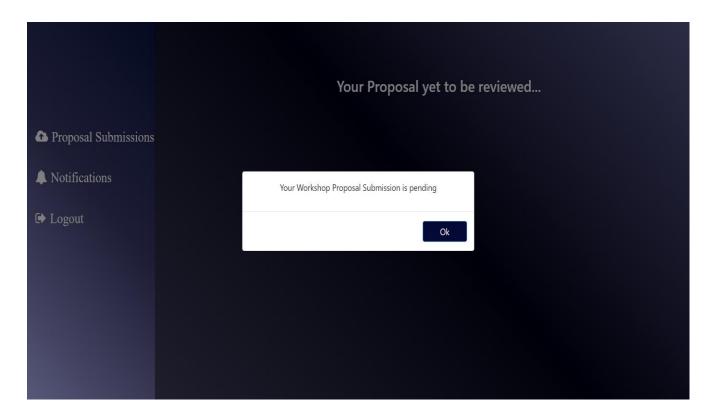

➤ If the form has already been submitted, the presenter will not be able to submit the form again.

> The proposal which was submitted will be reviewed by the reviewer.

Notifications

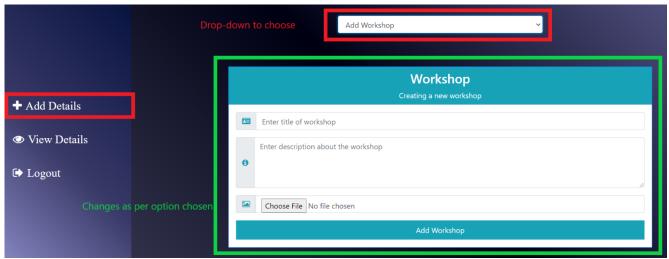

➢ If the proposal is approved or rejected by the reviewer then a notification will be received via email and be displayed in this page.

❖ Presenter Signs Out using 'Log Out' option from dashboard.

Editor

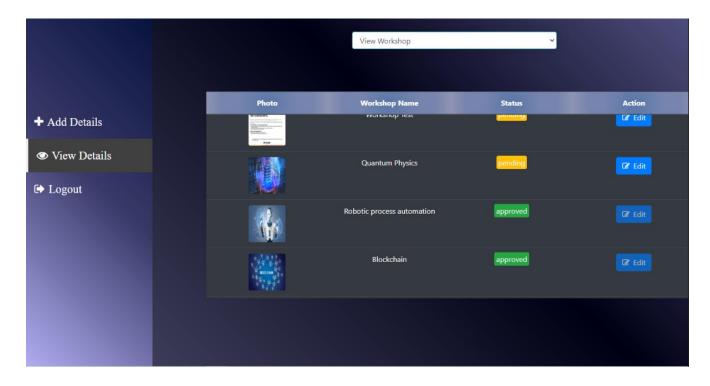

- **Editor signs in with username and password.**
- ❖ Add Details
 - ➤ The Editor can add Conference details, News, Workshops, Keynote Speakers, Templates and Call for papers by selecting the respective option from the dropdown menu.

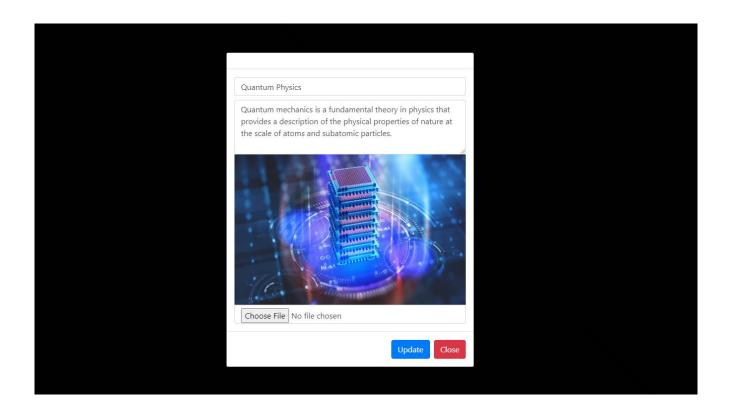

- > The details added will be sent to the admin for approval.
- ➤ If the Admin approves the details, it will be published on the website.

View Details

> The editor can view the requests of each type of details created by selecting the respective option from the drop-down menu.

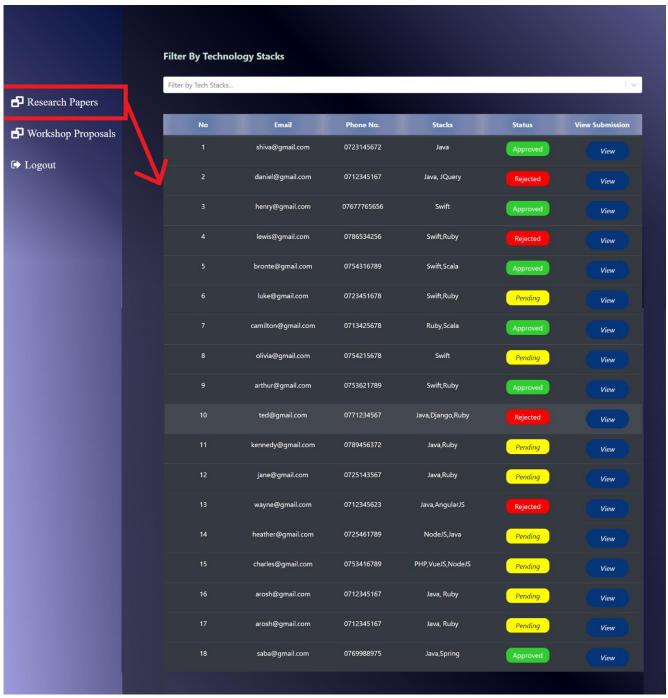

> Can make any changes to the request only if the request status is 'pending' or 'rejected'.

A Editor Sign Out using 'Log Out' option from dashboard.

Reviewer

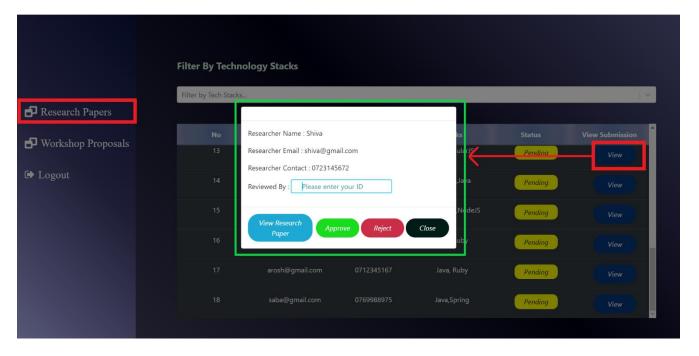

- * Reviewers sign in with reviewer username and password.
- Research Papers
 - ➤ A list of all the research submissions made by researchers will be listed in a table.

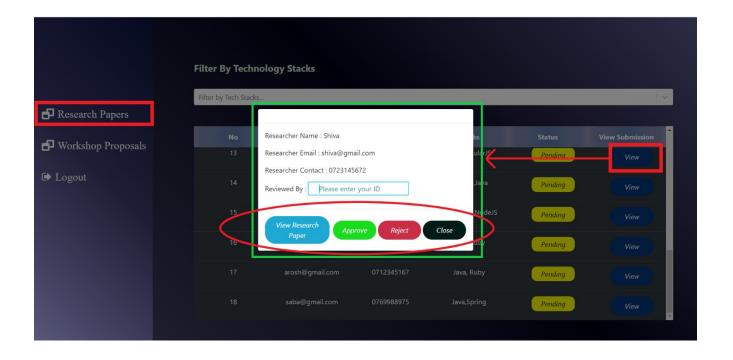

> Filter submissions by technology stack and view them.

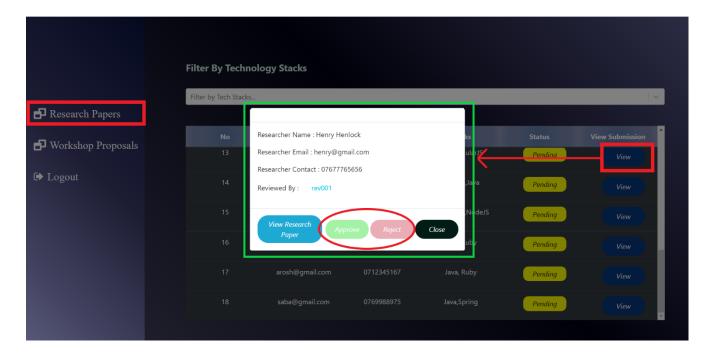

Clicking on the 'View' button for each submission, displays the specific details of the researcher and the submission as a modal pop-up.

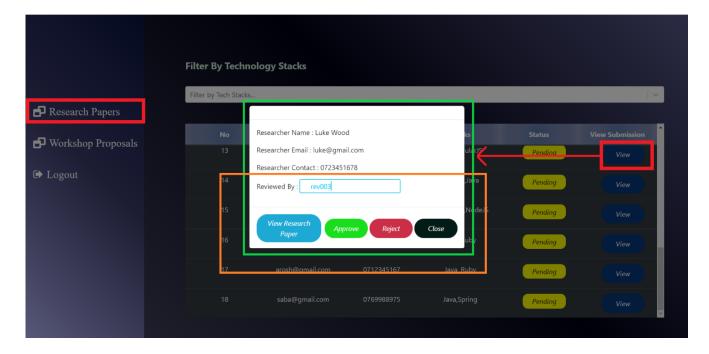

'View Research Paper' to download the research submission 'Approve' option to approve, 'Reject' to reject the submission and 'close' to close the pop-up without making any changes.

➢ If the submission is already approved or rejected, the 'approve' and 'reject' options will remain disabled.

➤ If submission is 'pending', after reviewing, enter the reviewer ID in the Reviewer ID field, then 'Approve' or 'Reject' options will be enabled. Then approve or reject the submission.

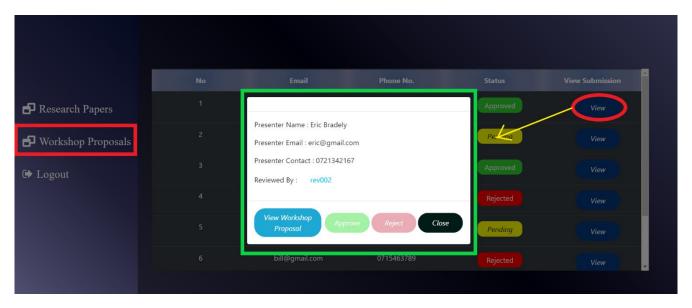

Workshop Proposals

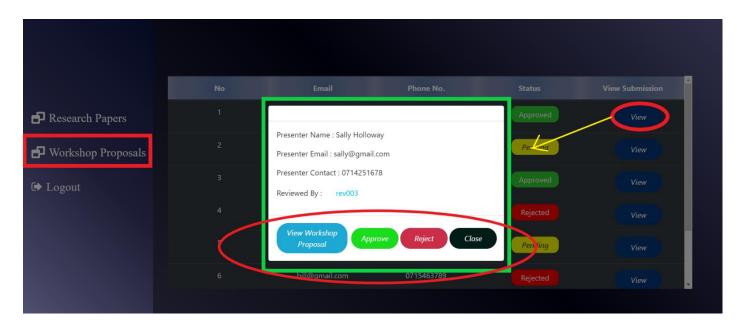

➤ A list of all the workshop proposal submissions made by presenters will be listed in a table.

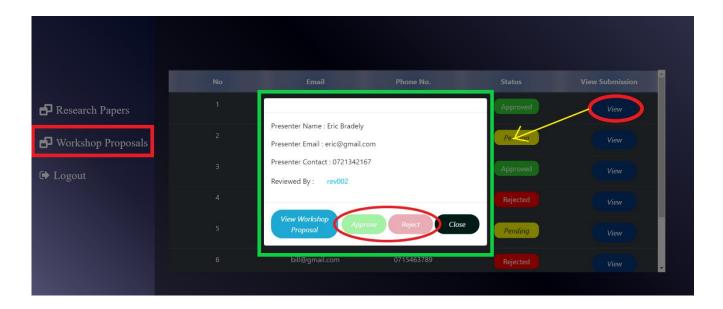

➤ Clicking on the 'View' button for each submission, displays the specific details of the presenter and the submission as a modal pop-up.

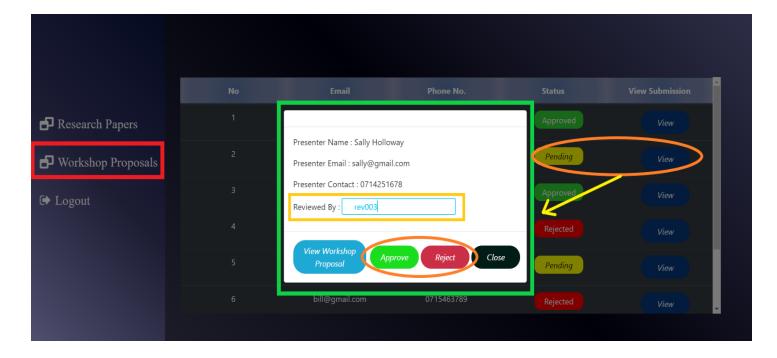

'View Workshop Proposal' to download the workshop submission, 'Approve' option to approve, 'Reject' to reject the submission and 'close' to close the pop-up without making any changes.

➤ If the submission is already approved or rejected, the 'approve' and 'reject' options will remain disabled.

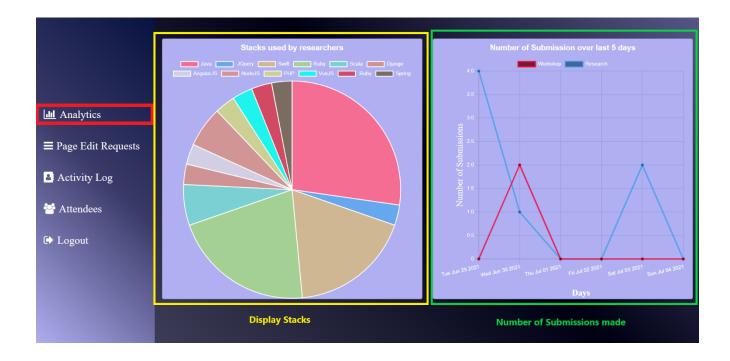

➤ If submission is 'pending', after reviewing, enter the reviewer ID in the Reviewer ID field, then 'Approve' or 'Reject' options will be enabled. Then approve or reject the submission.

Admin

- ***** Editor signs in with username and password.
- Analytics
 - > Displays the stacks used by the researcher's based on the stacks they select while uploading their research papers using a Pie chart.
 - > Displays the number of workshop proposal and research paper submissions made over the last 5 days using a line chart.

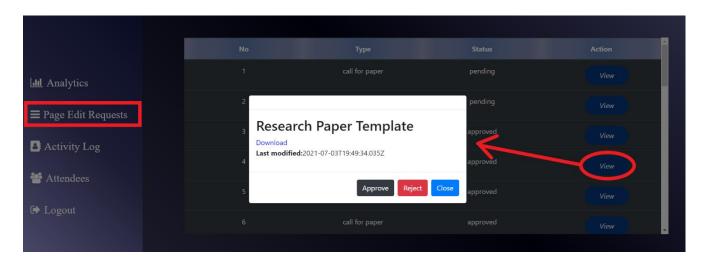

❖ Page Edit Requests

> All the requests sent from the editor are displayed.

> The admin can either approve or reject the requests.

- If the requests are approved by the admin, it will be displayed/published on the website.
- > If it is rejected by the admin then the editor can make changes.

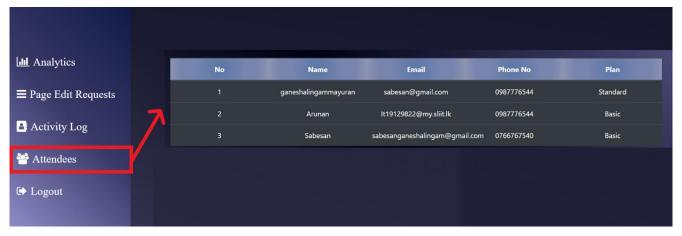

❖ Activity log

- > The admin can monitor all the actions taken by all the users such as editor, reviewer, workshop presenter etc.
- > The logs will be updated each time an action is performed by any of the users such as logging in, submissions, edit requests etc.

Attendee

> Displays the list of all the attendees registered for the conference.

❖ Admin Signs Out using 'Log Out' option from dashboard.
